PLEASE READ BEFORE BIDDING.

Coins and medals are sold at so much per piece, no matter how many in a lot, and no lot will be separated, exeept proof sets, which are sold per set, or as one piece. If a lot eontains say 10 pieees and you wish to pay $2 for it, bid 20 cents on the lot. The auetioneer will accept an advance of 1 cent up to 50c., then 5e. up to $2.50, when 10c. advance must be bid, up to $10, when no advanee under 25 cents will be accepted. You can bid anything up to 50c., after that the bid must be 55e., or 60c. Such offers as 51c., $1.01, etc., are unavailable. Remember, do not bid a lump sum for a lot, but by piece.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable referenee.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10 and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable. I have taken special pains to carefully and fairly describe each lot.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

The coins, etc., in each lot are different unless otherwise described. Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My eharge for executing bids will be 5 per cent. No eharge made for bidding except for lots aetually purchased. Remit by money order or New York draft, as the usual exchange fee will be dedueted from checks.

A printed list giving priees realized for each lot at the sale will be mailed on receipt of 50 cents.

Have compared prices in margin with those on accompanying Typewritten price list, in lots 1–175.
